

Italian Society for Chaos and Complexity

www.sicc-it.org

The Italian Society for Chaos and Complexity (SICC) is proud to introduce the second edition of the:

SICC Talks on Complexity

a series of online lectures on hot topics on complexity at large. Each seminar will be given by two prominent scholars and followed by a short debate and Q&A session. Upon (free) registration, participants will receive instructions on how to connect to attend the lecture.

In the hope to come back soon to our in-person version of the yearly event of the Society (the SICC International Tutorial Workshop TOPICS IN NONLINEAR DYNAMICS), the SICC is happy to announce the speakers and the calendar of the 2021 edition of our online seminars:

Guanrong (Ron) Chen & Stefano Boccaletti

**This talk is held jointly with IFAC Conference
CHAOS 2021 (<http://chaos2021.unict.it/>)**

9 AM CET

Eckehard Schoell & Florian Dorfler

4 PM CET

Naama Brenner & Elisa Franco

6 PM CET

Noemi Schmitt & Davide Radi

4 PM CET

To register, please fill the registration form available at the event website:
<https://sicc-it.org/CompTalks/>

Participants are offered a special discounted rate to become members of the SICC: 25€ for full four-years membership (rather than 50€)
